

HPH Fee Structure

Any hospital and health service that is a member of the International HPH Network must pay an annual membership fee. There are three types of fee and all are explained in detail below.

HPH Fee

Historically, HPH membership has always been a "flat fee" per hospital or health service. The vast majority of members thus pay according to the current rates, which are:

Hospital / Health Service Member (Upper middle and high income classification)	=	300 € p.a.
Hospital / Health Service Member (Lower middle income and New EU Countries)	=	200 € p.a.
Hospital / Health Service Member (Low income countries)	=	150 € p.a.

*For an overview of the categories see the end of this document

Fee for Large Health Service Members (exception to normal HPH fee system)

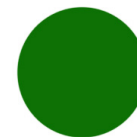

On the basis of health systems such as NHS Trusts in the UK etc., the Governance Board of the International HPH Network has decided that large health service members should be given the opportunity to either:

- A) Pay one normal fee per member site or hospital (as is commonly done) or
- B) Pay a fee based on number of employees, compared to that of an average HPH hospital member (which is roughly 1000 employees). This makes for a more fair system for these members, while still maintaining the fast and easy administration that has always been a priority. The current HPH fees for large health services (per year) are:

300 Euro	Large Health Service Member with	0 to 1.000 Employees
600 Euro	Large Health Service Member with	1.000 to 2.000 Employees
900 Euro	Large Health Service Member with	2.000 to 3.000 Employees
1.200 Euro	Large Health Service Member with	3.000 to 4.000 Employees
1.500 Euro	Large Health Service Member with	4.000 to 5.000 Employees
1.800 Euro	Large Health Service Member with	5.000 to 6.000 Employees
2.100 Euro	Large Health Service Member with	6.000 to 7.000 Employees
2.400 Euro	Large Health Service Member with	7.000 to 8.000 Employees
2.700 Euro	Large Health Service Member with	8.000 to 9.000 Employees
3.000 Euro	Large Health Service Member with	9.000 to 10.000 Employees
(And so forth)		

Fee Index regulations: As decided by the HPH General Assembly and Governance Board¹, HPH membership fee levels have been index regulated to accommodate for general inflation etc. in 2015.
